

IT'S SMART

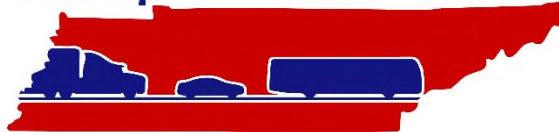

BETTER ROADS SAFE BRIDGES AND TAX CUTS

Smart Spot 2

By now you are probably aware that Governor Bill Haslam's IMPROVE Act responsibly funds road and bridge improvements in all 95 of Tennessee's counties. What's hardly been mentioned is that this legislation also incorporates the largest tax cut in the history of our state, including a 20% tax cut on food. It's been said that you'll save more at the store than you pay at the pump.

Lieutenant Governor Randy McNally has called it a clear and undisputed tax cut. It's smart that our state lawmakers support better roads, safe bridges and tax cuts. To find out more, visit the Transportation Coalition of Tennessee online at transportationcoalitiontn.org.
