

IT'S SMART

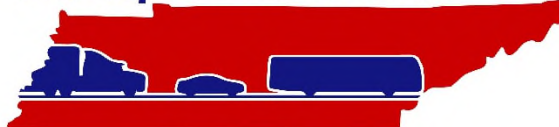

BETTER ROADS SAFE BRIDGES AND TAX CUTS

Smart Spot 5

This is a dire warning: Tennessee's urban congestion comes at an expense to all Tennesseans. The costs of goods to Tennessee consumers rise with longer transit times. Citizens in rural and urban areas pay more for goods due to congestion.

The Tennessee legislature has the opportunity to capture user fees from those who use the roads. It's smart for the users of our roads to pay for better roads and safer bridges. It's smart for out-of-state drivers to pay their share. It's smart to support better roads, safe bridges and tax cuts.
