## **BETTER ROADS SAFE BRIDGES AND TAX CUTS**

### **Smart Spot 6**

For the past five years at the state Capitol, our conservative legislature has quietly gone about providing tax cuts for Tennesseans. This year should be the sixth year of cuts, providing for a 20% tax cut on food. Governor Haslam has proposed this tax cut, along with a modest increase to our user fees for better roads and safe bridges. It's been said that you'll save more at the grocery than you pay at the pump. Doesn't it seem smart to have tax cuts and safer roads and bridges? It's smart to support better roads, safe bridges and tax cuts.
